

Western Washington University General Physical Education Courses: Skiing and Snowboarding: Assessment and Evaluation Policy

All PE 100 level courses utilize a uniform evaluation system. The evaluation for each course includes a written final examination; skill and/or fitness assessment and attendance/participation criterion. Courses are evaluated "S/U" (Satisfactory/Unsatisfactory) and use the following weighted grading system:

- | | |
|--|------------------------------|
| <input type="checkbox"/> Written Final Examination- | 4 points (25% of Evaluation) |
| <input type="checkbox"/> Skill/Fitness Assessment- | 4 points (25% of Evaluation) |
| <input type="checkbox"/> Attendance and Participation- | 8 points (50% of Evaluation) |

To receive an "S" (Satisfactory) grade you must obtain an overall score of 12 points (75%) or above in the course. Students with scores below 12 points will receive a "U" (Unsatisfactory) grade for the course.

Each area is evaluated using the following scoring rubric which summarizes the assessment criteria:

Score	Attendance and Participation	Score	Written Examination	Score	Skill/Fitness Assessment
8	1 or fewer absences/non-participation	4	90% or above on written examination	4	80% or above on skill/fitness assessment
4	2 absences/non-participation	3	80% or above on written examination	3	70% or above on skill/fitness assessment
0	> 2 absences/non-participation	2	70% or above on written examination	2	60% or above on skill/fitness assessment
		0-1	<70% on written examination	1	<60% on the skill/fitness assessment

Attendance and Participation Policies:

To avoid deductions, you must not only attend classes, but participate in all activities. **If a severe injury, illness or family emergency occurs requiring you to miss greater than four classes you will need to file a petition with the Office of Student Affairs (Viking Union 506) to receive a hardship withdrawal from the course.** If missing a class for participation as a member of a school sponsored sport or club sport activity you are to present documentation to your instructor in advance of the absence. **Failure to provide documentation of absences for school sponsored activities in advance will result in a deduction.**

It should be noted that courses use a weighted grading system. There is no distinction between unexcused and excused absences (unless documentation is provided for school sponsored activities or an authorized "Emergency Leave of Absence" from the Office of Student Affairs is provided) therefore **any student who accumulates more than two absences cannot pass the course even if he/she obtains perfect scores (4 out of 4) on both the written examination and skill and/or fitness assessments for the course.**

Written and Skill/Fitness Assessment Policies:

The written and skill/fitness assessments for courses are required and administered throughout the class and/or during the final examination period. **Failure to complete either portion (written or skill/fitness) will result in a 4 point (25%) deduction (for each) in the overall course grade.**

I have read and understand this acknowledgement of policies regarding attendance, evaluation, and assessment.
